VINEYARDS AND WINEMAKING

Made entirely from Garnacha grapes, following the Provençal style that sets the trend for great gastronomic rosés. It is obtained through gentle pressing and low-temperature fermentation, which helps preserve the purest and freshest expression of the variety. The result is an elegant, refined wine, perfectly suited for fine dining.

TASTING NOTES

On the palate, it is light yet enveloping, with lively acidity that brings tension and a dry, refreshing finish—ideal for light yet characterful enjoyment.

An ideal match for spicy and seasoned dishes.
